

Scalability & Future Plan

Date	11 July 2026
Team ID	XXXXXX
Project Name	Voice Based Concept Understanding Analyser
Maximum Marks	1 Mark

Scalability & Future Plan:

This document outlines how the current project solution can be scaled to handle larger user bases, increased data loads, or extended features in the future. It also captures the team's roadmap for enhancing and evolving the project beyond its current state.

Current System Limitations:

S.No	Limitation	Impact	Priority to Address (High / Medium / Low)
1	Supports limited audio formats	Some files cannot be analyzed	High
2	Processing time depends on AI models	Slower response for long audio	Medium
3	Local deployment only	Limited accessibility	Medium

Scalability Plan:

S.No	Scalability Aspect	Current State	Proposed Upgrade / Solution
1	User Load	Supports limited users	Deploy on cloud with multi-user support
2	Data Storage	SQLite database	Upgrade to PostgreSQL/MySQL
3	Performance	CPU -based processing	GPU acceleration and model optimization
4	Security	Basic API key protection	User authentication and encrypted storage

Future Roadmap:

Phase	Planned Feature / Enhancement	Target Timeline	Expected Impact
-------	-------------------------------	-----------------	-----------------

Phase 2	Real-time voice recording	2 Months	Better user experience
Phase 3	User login & progress tracking	3 Months	Personalized learning
Phase 4	Cloud deployment & multilingual support	6 Months	Increased scalability and accessibility
